

**Development of National  
Biodiversity Targets for the  
implementation of the Kunming-  
Montreal Global Biodiversity  
Framework**

**Stakeholder Focus Group Meeting**

# Meeting Purpose

This meeting is part of a process that will help to determine how the draft **National Biodiversity Targets** could be adjusted to become more relevant and implementable by key institutions with responsibility for, or interest in, biodiversity and ecosystem monitoring and management.

- We will first provide some context, including an overview of:
  1. The GoRTT obligations under the Convention on Biological Diversity
  2. Existing national policies related to biodiversity, and
  3. The Kunming-Montreal Global Biodiversity Framework
  
- We will then:
  1. Present and discuss the draft new National Biodiversity Targets; and
  2. Identify the way forward, including the hosting of a Verification Workshop
